

2024 Snowsports Registration

INTERSCHOOL SKIING AND TRIALS REGISTRATION IS NOW OPEN.

Please go to this address to register: <https://forms.gle/KgzQJLaYmDLrt4Hg6>

Please note: If you make any mistakes or your circumstances change and your son wishes to do more or less events, please just fill in the registration survey again. I will always use the most recent survey data if I see two sets of information for the same boy. It gets too challenging to track changes via email communication.

If you are interested in XC dryland training, it is important you fill in this registration form ASAP so that we can get these sessions up and running as soon as possible.

As mentioned in previous emails, **ALL students will need a Snow ID (five-digit number).**

- Participants new to the Interschool Championships in 2024 will need to register with Snowracer to secure a SnowID.
- If you have competed in Interschools in the last few years you will already have a SnowID, but you must **reactivate** it for this season.

If you have not registered with Snowracer for the 2024 season, we will be unable to register your son for any events at Interschools, so please ensure you have done this prior to filling in the registration survey.

During Interschools week, all Junior School Snowsports events are held from Monday 19 August to Wednesday 21 August only. The division outlines are stated below and a provisional timetable for Vic Interschools is attached to this email. This information may be helpful for some questions on the registration survey, eg calculating how many days your son may need a lift pass for (as this will depend on his division and the events he wishes to participate in).

DIVISIONS
Div 6 - Prep, Year 1, Year 2
Div 5 - Year 3 and Year 4
Div 4 - Year 5 and Year 6

Full details of the trial timings and locations will be released closer to the event, but please be sure that the dates are fixed. Further information (including event rules, mountain information, etc) can be found on the Vic Interschools website: <https://www.interschools.com.au/>
